# **Róger Ninow**Software Developer

## **About**

As a software developer, I worked on national and international projects providing innovative and secure solutions for industries tourism, healthcare, transportation and so on. I have over 10 years of experience in web and mobile development, using various technologies and frameworks such as Node, PL/SQL, PHP, Laravel, Codeigniter, Angular, Vue, Ionic, and Flutter.

I'm also passionate about cybersecurity, and I have recently completed my MBA in this field. I have applied my knowledge and skills in security analysis, infrastructure, and cloud computing to enhance the quality and safety of the products I develop.

Additionally, I have two years of experience in managing and supervising teams, ensuring effective collaboration and communication.
